## **DETAILED ACTION**

### ***Claim Objections***

1. Claim 24 is objected to because of the following informalities: On line 8, "from" should be "form." Appropriate correction is required.

### ***Claim Rejections - 35 USC § 102***

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 24 and 25 are rejected under 35 U.S.C. 102(b) as being anticipated by Blatt et al (U.S. 4,761,381).

Blatt et al discloses a method of forming a capillary flow device. The method includes forming a vent or opening on the cover sheet by drilling, i.e. cutting, or punching out the opening by suitable die, i.e. die cutting, injection molding the pieces to form tubes, vessel, chambers, which considered to include bypass channel and bladder, and joining the layers together by ultrasonic welding to form an enclosed volume or device. (Col 5, lines 15-30, Col 5, line 56 to Col 6, line 5, Col 6, lines 21-30, Col 11, lines 14-25, and Figures 1-16)

### ***Allowable Subject Matter***

4. Claims 22 and 23 are allowed.

***Respons to Arguments***

5. Applicant's arguments, see Page 4, lines 7-13, filed November 18, 2004, with respect to claims 22 and 23 have been fully considered and are persuasive. The rejection of claims 22 and 23 has been withdrawn.

6. Applicant's arguments with respect to claims 24 and 25 have been considered but are moot in view of the new ground(s) of rejection.

***Conclusion***

7. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
